Bulls Take the Lead in the Share Market.

Many Stocks Reach the Highest Quotations of the Year.

Bank Statement Shows a Million Decline in Surplus Reserve.

WALL STREET, Saturday Dec. 5 .- There was no trace of pervousness at the Stock Exchange to-day, and the room traders who sold so heavily yesterday on the hypothesis that the Sage incident would start a general liquidation in the stock market, were jumping around trying to get back their contracts without too great a loss.

The undertone of the market is decidedly strong and a majority of Wall street people would rather buy stocks than sell. This results in bringing in a lot of orders whenever there is any reaction to speak of in the mar-

The feeling this morning was decidedly bullish, and several stocks touched the best figures of the year. New York Central sold up to 117, Omaha preferred to 102, St. Paul to 7714 and preferred to 12114. The improvement ranged from 16 to 214. Closing quota-tions were generally the highest of the day.

Milwaukee, Lake Shore & Western common rose from 82 to 87, and the preferred from 11314 to 12014 a 11914, on a report from Chicago that the shares are to be exchanged for Chicago & Northwest stock. The Northwest has secured control of the property.
Lazard Freres are advised of the shipment of \$450,000 gold by the French steamship sailing from havre to-day. I. Von Hoffman & Co. have \$90,000 gold on the Spree and \$225,000 on the Servia, both sailing from the other side to-day.

In the fourth week of November the Missouri Pacific earned \$800,000, an increase of \$31,000 and from January 1 to date \$23,346,712, an increase of \$255,261.

The bank statement shows an increase in cash of about \$650,000, but as the loans were expanded \$5,404,800 and the deposit liabilities increased \$6,673,700, the surplus reserve has diminished \$1,018,725. The banks now hold \$13,863,855 in excess of the 25 per cent. legal requirements.
